FL1500 Series Flow Controller Advanced, 10-30 VDC

de producto:

LFV001.99.D4NXH

CLP Precio:

Contacto Termodinámica

Ships within 3-5 weeks

Especificaciones

Comunicación:

USB, RS485 (Modbus)

Contenido de la caja:

FL1500 Advanced Flow Logger, mounting brackets, communications cable, Basic User Manual

Garantía:	12 meses
Opciones:	4 Sensors, Rain, RS485, 1 analog input, 3 analog outputs, Auxiliary, IO9004 port, 2 digital inputs, 2 digital outputs, electro-mechanical totalizer port
Opciones de energía:	10-30 VDC
Pantalla:	¼" VGA, Color, self-prompting menu-driven program
Power Cord:	No
Protección ambiental:	NEMA 4X, IP66
Rango de temperatura de operación:	-20 - 60 °C (-4 - 140 °F)
Sensors:	4
Tipo de sensor:	Flo-Dar, SVS, Flo-Tote 3 (NOTE: Flo-Tote 3 is not CE compliant), Sub AV with AV9000S, US9001, US9003, BL9000, Digital Differential pH, Rain Gauge

Contenido de la caja

FL1500 Advanced Flow Logger, mounting brackets, communications cable, Basic User Manual
